

Permit Holders' Responsibilities

WHERE DOES THE PARKING PERMIT ENTITLE ME TO PARK?

The permit allows you to park in any designated space marked by the international symbol of access. Municipalities throughout Manitoba offer varying concessions to permit holders. For more information regarding special parking privileges, please contact the applicable municipality directly. The Winnipeg Parking Authority has upgraded its meter system and now requires permit holders to pay metered parking on city streets. Please call 311 or email parking@winnipeg.ca or visit www.theparkingstore.winnipeg.ca for more information. Be sure to familiarize yourself with them before parking there.

PERMIT COURTESY

If you experience "good" and "bad" days with your disability, we ask that you please consider the needs of others and only use the parking permit when it is necessary. If you are having a "good" day and a regular parking space nearby is available, please leave the designated space for someone who needs it more than you. In addition, if you remain in the vehicle while a companion is running errands, you may not occupy a designated parking space. **The permit is not to be used in a situation where you are dropped off at the door of an establishment.**

REUSABLE PERMIT - VALIDATION STICKERS

Once the renewal has been processed, clients living in Winnipeg will be contacted by email or phone to come & pick up their stickers in person, rural clients will be mailed the new validation stickers to change the expiry date on the existing permit. You are responsible for the permit, even after it has expired. **All expired permits must be returned to the Parking Permit Program office.**

WHEN DO I RENEW?

All permits have a validation period and expire on the last day of the month indicated on the permit. You will automatically receive a renewal notice by email or mail. Clients are to contact the Parking Permit Program to provide their email address. Using the parking permit after it has expired constitutes a violation under the Highway Traffic Act.

WHEN AND HOW TO DISPLAY PERMIT?

Provincial legislation requires the permit to be displayed when a vehicle is parked in a disabled persons parking space, on the rear-view mirror, the sun-visor, or the dashboard in such a manner that it is clearly visible and legible from the outside of the vehicle. It is recommended that you display the permit on the rear-view mirror of the vehicle unless you are physically unable to do so. In this location, the permit is most visible to the authorities who must read the permit number and expiry date to determine the validity of the permit and prevent abuse of the program. Failure to display the permit so that it is fully visible and legible from outside of the vehicle may result in a parking violation and fine. Operating a motor vehicle while the permit is displayed on the rear-view mirror is an offence under The Highway Traffic Act (obscured vision). **Therefore, ensure that the permit is displayed only when parked.**

IS PERMIT TRANSFERABLE BETWEEN VEHICLES?

As the permit holder, you may use the permit in any vehicle, whether you are the driver or a passenger. **The permit is ONLY to be used when the permit holder is in the vehicle.** Any abuse or misuse will result in the cancellation of the parking permit. It is an offense to alter, deface, duplicate or tamper with the permit.

..... more

PERMIT LOST/STOLEN OR DAMAGED?

Please notify the Parking Permit Program of a lost/stolen or damaged permit. You are then required to provide a \$6.00 replacement fee via mail or in person. Ensure that your vehicle's doors are locked, and the windows secured. **Permits that are found after replaced as lost, must be returned immediately.**

HOW DO I CARE FOR THE PERMIT?

The permit is important so it should be protected like a credit card. There is always a possibility it may be stolen so be sure to take precautions. With exposure to the cold weather and hot sun, the plastic becomes brittle, so the permit is best carried in and out of your vehicle as needed, rather than stored in the vehicle full-time.

WHAT IF THE PERMIT IS NO LONGER NEEDED?

If for any reason the parking permit is no longer required by the individual to whom it was issued, **it must be returned without delay (even if expired)** to the Parking Permit Program office. Using another individual's permit is a punishable offense under the Highway Traffic Act. Parking permits remain the property of the Parking Permit Program.

MOVING OR CHANGE OF ADDRESS

Your current address and telephone number must be on file in our office. If for any reason we are unable to contact you, your file will be closed, and your parking permit will be cancelled. It is your responsibility to ensure that we always have your correct information.

IS THE PERMIT RECOGNIZED OUTSIDE OF THE PROVINCE?

The Manitoba parking permit is recognized across Canada, the United States and The European Union (EU). **We recommend checking with local authorities when planning on using your permit abroad.**

ENFORCEMENT

Manitoba Possible's Parking Permit Program issues permits to persons with physical disabilities who experience significant restrictions in their mobility. Responsibility for the enforcement of the program rests with the municipal authorities, who patrol both private and public parking facilities and issue parking tickets where appropriate.

WHY ARE SOME DESIGNATED PARKING SPACES WIDER THAN OTHERS?

Many permit holders use a vehicle equipped with a wheelchair lift or a large door that must be fully opened to safely exit and re-enter. These vehicles require a wider space or an outside parking space (end of a row). If you do not require this extra space and another designated parking space is available, please use it instead.

Parking Permit Program 1857 Notre Dame Avenue, Winnipeg, Manitoba R3E 3E7
